COALITIONAL PRESIDENTIALISM PROJECT

ESRC Research Grant RES 062-23-2892
“Coalitional Presidentialism in Africa, Latin America and Postcommunist Europe:
Dynamics of Executive-Legislative Relations in New Democracies”

GUIDE TO DEPOSITED DATA MATERIALS SEPTEMBER 2015

This data deposit includes the following materials:

1. A project overview describing motivation, fieldwork, data collection methods, and sampling strategies. Filename: **CPP Project Overview.pdf**
2. An Excel spreadsheet containing data on presidential coalitions and executive-legislative relations in the nine countries included in the project. Column names are self-explanatory. Filename: **CPP Coalition and Legislation Data.xls**
3. Copies of the survey questionnaire applied to 350 members of parliament in the nine countries included in the project. These are available in seven languages. Filenames are in the following format: **CPP Questionnaire Armenian.pdf**
4. An Excel spreadsheet containing data from the structured (closed-ended) questions on the survey questionnaire. N=350 respondents. Filename: **CPP Pooled Survey Data.xls**. Please note: The survey questionnaire (item 3 above) serves as the codebook for this dataset. Column names in the spreadsheet identify the question number on the survey questionnaire. The survey questionnaire contains variable labels, data values and missing data codes.
5. Nine files of interview transcripts containing responses to the semi-structured (open-ended) questions on the survey questionnaire. All interviews were conducted in 2012 and 2013 except for the Kenyan sample, which was interviewed between 2012 and 2015. Filenames are in the following format: **CPP Semi-Structured Transcripts Malawi.rtf**. These are all anonymised and redacted for public use. Some respondents declined to authorize deposit of an anonymised transcript and these cases are noted within the files. All transcripts have been translated into English, and the digital audio recordings (in the original languages) are retained by the co-investigators. The questions are reprinted within the transcripts themselves; for question wording in the original language, see the appropriate country questionnaire (item 3 above).
6. A sample copy (in the English language) of the consent form completed by all 350 legislators prior to their interviews. Filename: **CPP Consent Form.pdf**. These were utilised in all 7 project languages and the original, signed forms are retained by the co-PIs.

Questions about the data can be directed to the co-investigators at the University of Oxford.
